

January 21<sup>st</sup>, 2016

Dear Member,

There have been good discussions with SALPN and RPNAS about the various activities underway and the limited resources impacting all of us. I'm pleased to tell you that we have agreed to a consultation process that will begin in late spring/early summer with a goal to finalize the Collaborative Decision Making Framework. I will keep you undated as the dialogue progresses.

**Here are some opportunities to get involved in your professional association:**

- Participate in this [five-minute survey about Role Clarity](#).
- [Run for SRNA Council](#)
- Plan to attend the SRNA Annual Meeting
- Mark your calendars for May 3 & 4<sup>th</sup> at the Delta Hotel in Regina.
- Watch for more information about the proposed SRNA bylaw changes.

I look forward to working together as we strive to ensure that RNs and RN(NP)s are leaders in contributing to a healthy population.

Go online to the [e-Register](#) to check your registration status.

In appreciation,

Carolyn Hoffman, RN,  
Executive Director, SRNA
